

MGDTEC founded in 2006, provides sealing solutions to a wide variety of industries.

Focused on helping to reduce cost and downtime through innovative sealing solutions, on time deliveries and an attitude which is upfront and hassle free.

Through domestic and global suppliers we can provide you with the brand names you know, trust and use. With a combined 30 years of experience we can help with your design and engineering by choosing products that will be the most cost effective and that will do the job.

Multi-Use Seals

O-rings: Imperial, Metric & Custom sizes
Extruded & Cut Rubber Shapes
Custom Molded Rubber Shapes
Vulcanized (Spliced) O-rings
Vulcanized (Spliced) Custom Shapes
Open & Closed Cell Sponge Rubber
Back-Up Rings
PTFE (Teflon®) Seals

Hydraulic & Pneumatic Seals

Rod & Piston U' cups
Rod & Piston Loaded U' cups
Piston Rings
Piston Seals
Rod Buffer Seals
Wipers
Wear Rings
V- Packing

Popular Rubber Compounds

Acrylonitrile-Butadiene "NBR" (Nitrile/Buna-N)
Fluorocarbon "FKM" (Viton®)
Ethylene Propylene "EPR, EPDM"
Silicone "VMQ"

Polychloroprene "CR" (Neoprene)
Fluorosilicone "FVMQ"
Perfluorinated Elastomers "FFKM" (Parofluor™)
Tetrafluoroethylene-Propylene "TFE/P" (Aflas®)

Other Compounds Also Available

Industry Standards

MGDtec Inc. offers many compounds that meet the most stringent industry standards, including:

NSF 51	Food and Beverage Standard
NSF 61	Drinking Water System Components, including Chloramine resistant.
FDA & USDA	Manufactured using the FDA or USDA list of compounding ingredients.
USP Class VI	Medical and Healthcare applications
UL	Underwriters Laboratories
AMS & NAS	Aerospace Materials
MIL-SPEC	Military Rubber Specifications
